

- 3) The assessor course will then launch. You need to work through and complete all three sections.

The Support Guide for Assessors is for pre and post reading to support your learning and can be saved to your own device.

Carrying out Care Certificate Assessment in the Workplace is Session 1 and Assessing the Care Certificate in Practice is Session 2, they are individual eLearning sessions, and both need to be completed:

- 4) When you have completed all sections within the eLearning, please also complete the evaluation which can be located back on the main Care Certificate index

Your final certificate will be needed for your workplace. There are two pages to your certificate, and both pages are needed for evidence if you are claiming WDF.

Page 1:

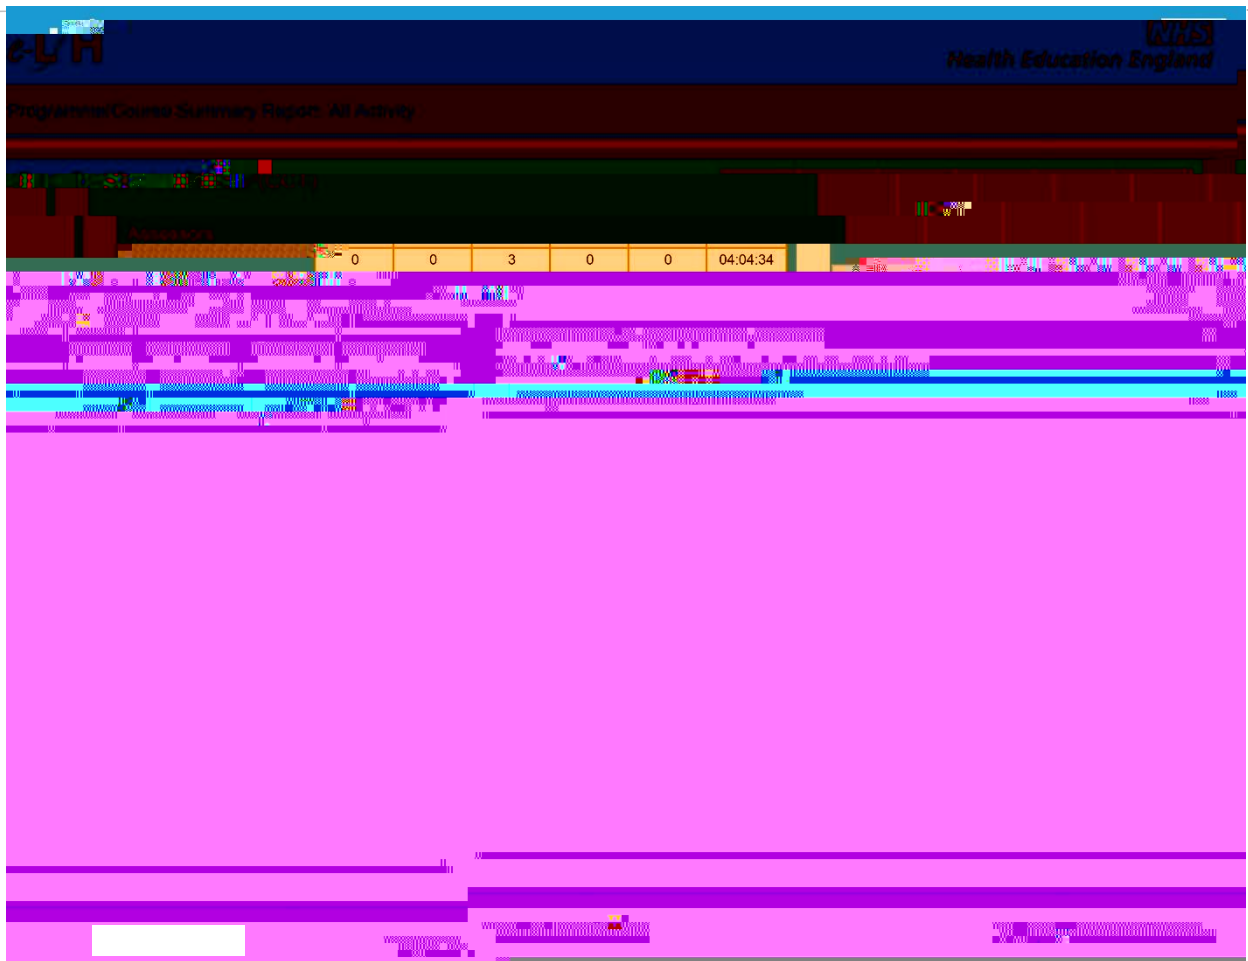

Page 2:

The second page of your certificate should include achievement of the following:

Care Certificate Support Guide for Assessors
Carrying Out Care Certificate Assessment in the Workplace
Assessing the Care Certificate in Practice:

Please note, you can't download the E-LfH certificate if you are accessing the programme through your own organis Learning Management System. Please refer to Q2 in the [Frequently Asked Questions](#) document.

Congratulations, you have now completed the assessors course!
